Trails Tales & Tunes

The Third annual Trails, Tales and Tunes Festival will run from May 15th to the 24th . This year's program is shaping up to be another wonderful ten day event, with something for everyone. While mid May seems far away, now may be the time to start planning to attend, especially for those with family and friends living away. The Trails, Tales & Tunes Committee would like to remind anyone wanting to make a donation, that they can do so through the Council Office.

Dates to Remember:

> This summer is shaping up to be a memorable one when it comes to tour boats for Norris Point. On July 28th an international tour boat called the Maasdam will be sailing into Bonne Bay. This ship will be carrying approximately 2000 people. The number that will be touring Woody Point and Norris Point will be significant for this area. So be prepared for an influx of tourist for that day.

> On August 9, 2009 the Caladonia (Canadian Sailing Expedition) will visit Norris Point.

> During August 10, 11 & 12, 2009 Norris Point will be celebrating the Captain Bob Bartlett Days. The schooner "Bowdoin" was built during the winter of 1920-21 and used for Artic Exploration. Celebrating Bartlett 2009 is a program to enhance Captain Bob Bartlett's Legacy. This will be a good time to discover more about this nationally and internationally renowned Newfoundland and Labrador Captain. There will be musical entertainment, drama, concession stands, etc.

So please come and join in the celebrations.
