## COASTAL LOWLANDS NOW CLOSED TO SNOWMOBILING

### **Attention Snowmobilers:**

Please note that the area of coastal lowlands from Deer Arm Brook to Western Brook is now closed to snowmobiling for the remainder of the season. The closure applies from Route 430 to 250 m elevation.

A Superintendent's Notice has been posted in this area under the *National Parks General Regulations*.

The closure is for the protection of flora, fauna, habitat, and landscape that are now at risk because of deteriorating snow conditions.

Your co-operation is greatly appreciated!
